List: _____

On a separate sheet please answer the following four questions. These must be completed and submitted for an application to be considered.

1. Why are you interested in becoming a drone pilot?

2. Can you provide an example of a STEM project or activity that you have participated in or completed in the past? How did it inspire or challenge you?

3. How do you think drones can be used to solve real-world problems in STEM fields such as engineering, environmental science, or agriculture?

4. Commitment is an important aspect of any program. How do you plan to prioritize your time and ensure that you can fully commit to the drone program?

Applicants must include one letter of recommendation from a past or current teacher, employer, or mentor.
